Title: LOW TRANS-FATTY ACID FAT COMPOSITIONS, LOW-TEMPERATURE  
HYDROGENATION, E.G., OF EDIBLE OILS

**COMMUNICATION REGARDING PRIORITY DATA AND  
SUBMISSION OF SUPPLEMENTAL APPLICATION DATA SHEET**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Commissioner:

The undersigned wishes to clarify the priority claims in the present case in the interest of avoiding the need for a Certificate of Correction. The present application claims priority under 35 USC §371 to International Application No.

PCT/US2004/024955, which, in turn, claimed priority to the four following US applications: 60/492,160; 60/525,914; 60/546,397; and 10/750,457 (the '457 application).

The filing receipt for this case incorrectly listed the priority claim for the '457 application as a foreign priority claim, identifying the "foreign" country as "UNITED STATES OF AMERICA". The Bibliographic Data Sheet posted on PAIR 30 July 2010 no longer lists the '457 application as a foreign application. Instead of correctly listing it in the domestic priority section, though, this new Bibliographic Data Sheet fails to reference the '457 application at all.

The priority claim to the '457 application was correctly listed in the PCT Request and on the face of the published PCT application (the first page of which is enclosed). The first paragraph of the present specification as filed includes a priority claim to the '457 application and the undersigned believes the '457 application was

properly listed in the Application Data Sheet (ADS) that accompanied filing of the present application.

To ensure that the present case issues with the proper priority information on the face of the patent, the undersigned has enclosed a Supplemental ADS under 37 CFR §1.76(c). The priority claims are unchanged from the original ADS, but the Supplemental ADS reflects previously filed changes in the Power of Attorney and Correspondence Address.

The undersigned requests that the Office update the bibliographic data to correctly reflect the priority claim to the '457 application and send written confirmation that the change has been made. If the Office has any questions or needs any additional information, please call the undersigned at 952.742.2848. Although no fees are believed necessary, the Commissioner is authorized to charge any underpayment or credit any overpayment to Deposit Account No. 50-2342.

Respectfully submitted,
